PROBLEMS & SOLUTIONS

SOLUTIONS

HEALINGSTONE

Smart Earplugs

Hearing Protection for Dental Professionals

- Tinnitus and Hearing Loss. Prevention is the Best Treatment.

Simple Touch for Clear Communication

- Easily switch between talk mode and block mode with just one touch.

Alleviation of Patient Anxiety

- Comforting music instead of scary dental noises.

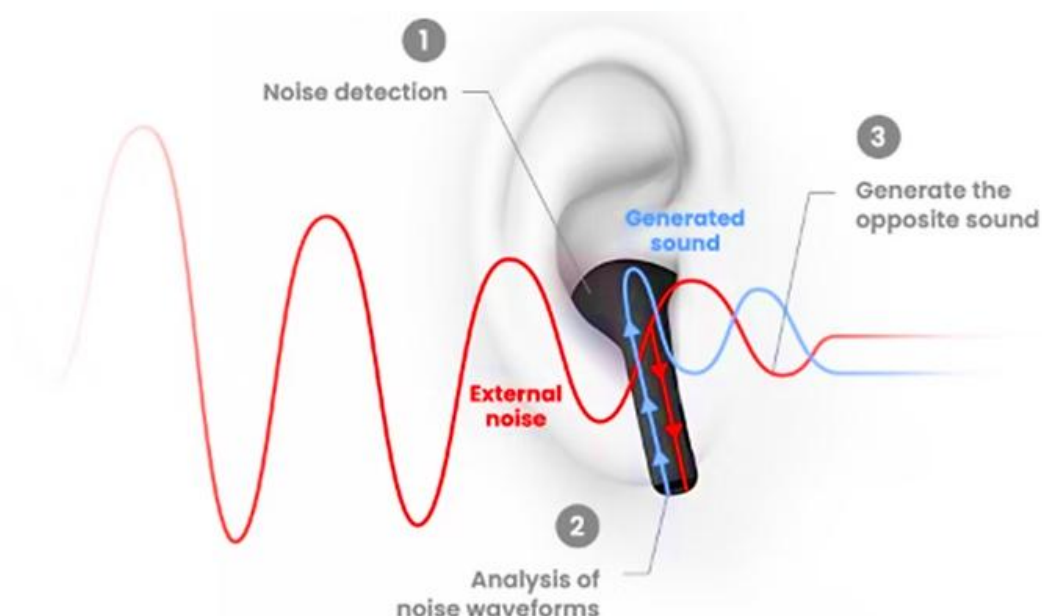

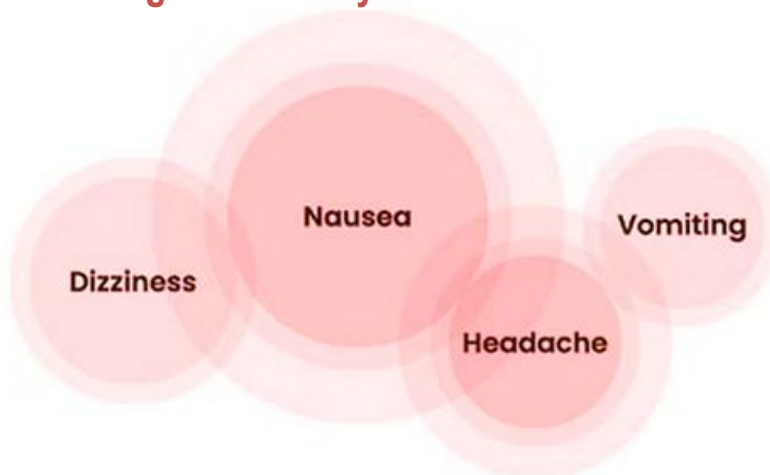

PROBLEMS & SOLUTIONS

SOLUTIONS

Existing ANC devices

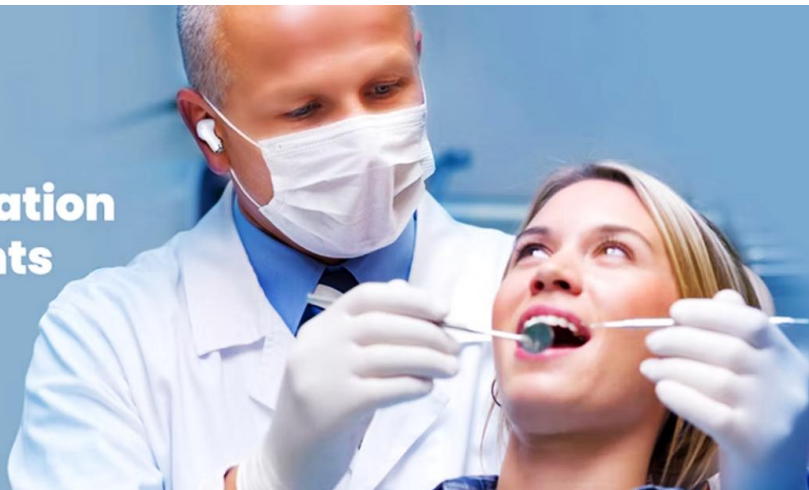

Noise-cancelling audio devices use a built-in microphone to analyse the ambient sound waves around you and generate the opposite sound waves to reduce surrounding sound.

Prolonged use may cause side effects

Improve communication in noisy environments

HEALINGSTONE reduces harmful noise while ensuring
clear voice transmission.
