

ULTRASONIC SCALER

Model : P5L LED

Model : P7L LED

Model : P9L LED

P5L LED Ultrasonic Scaler

Model : P5L LED

P5L scaler is very popular in developed countries due to high quality. L3 detachable aluminum alloy led handpiece: Better heat dispersion. No cracking. No deformation. No yellowing. More comfortable.

Model	: P5L LED
Function	: Scaling, Perio. Endo is optional
Scaler tips	: T series
Certificate	: CE FDA ISO
L3 Aluminum alloy led handpiece	: Detachable. Autoclavable.

P7L LED Ultrasonic Scaler

Model : P7L LED

P7L scaler looks very beautiful. Compact size. High quality. CE&FDA certified. It is very popular in the developed countries like USA, Italy, UK, Spain, Israel, Australia etc.

Model	: P7L LED
Function	: Scaling, Perio. Endo
Handpiece material	: Aluminium alloy
Handpiece	: Detachable. Autoclavable. With light
Tip vibration frequency	: 28kHz±3kHz.

P9L LED Ultrasonic Scaler

Model : P9L LED

Auto water supply.

No consumables. No cracking aluminum alloy LED handpiece. Wide-mouth bottle.

Model	: P9L LED
Function	: Scaling, Perio. Endo
Handpiece material	: Aluminium alloy
Handpiece	: Detachable. Autoclavable. With light
Tip vibration frequency	: 28kHz±3kHz.

P9L LED Ultrasonic Scaler

ADVANTAGES

- Beautiful appearance. Compact size.
- No consumables in waterway system. It can save much repair cost and charge after sales.
- Detachable aluminum alloy LED handpiece compatible with EMS Minimaster / Piezon 700 scaler. It is the world's first invention in the field of scaler handpiece, which obtains 15 patents. Better heat dispersion. No cracking. No deformation. No yellowing. More comfortable.
- Built-in power supply with smaller volume is much safer, more convenient than portable one.
- Identifying scaler tip automatically. It means that you can not use endo function normally at the scaling area and vice versa.
- Noiseless working pump. Not only the pump can save the consumables but also it is silence.
- Independent and wide-mouth bottle is easy to be cleaned and added liquid inside. We offer 2pcs bottles, 350ml/pc.
- LED handpiece and its spare parts can be autoclaved together or separately.
- Long lifespan of LED and light guide according to repeated testing in our lab.
- LED colour temperature: 3000K-3200K, warm white light. Dentist is not easy to feel tired when operation. White light is optional.
- TW3 aluminum alloy torque wrench. It keeps unique patent certificate. We use magnet on it, and that can help it adsorb scaler tip to avoid dropping off to hurt the dentist or patient because of carelessness. Meanwhile, its special clamping structure can prevent scaler tip from damage even dentist hard screws the tip. It can screw the tips for more than 3000 times.

J.E.B. MILLENNIUM (THAILAND) CO., LTD.

Established on November 7, 2000,
as an importer and distributor of medical and dental
equipment.

The company has been operating for
over 20 years and has received continuous
support, trust, confidence, and satisfaction from
customers up until the present.
